With a modernized dashboard, you get a simple view of your account information so you can see everything in one easy-to-understand view. Connectivity and convenience—that's what the Account View 2.0 experience delivers.

To help you get a feel for this new technology, we've provided the information and resources you'll need to get started with Account View 2.0.

ACCOUNT VIEW 2.0 AND YOU

Did you know that the average mobile user has 36 apps installed on their phone?

In 2020, 275 million people in the United States accessed the Internet via a mobile device, with the majority of users accessing information that's important to them via an app.¹ The world has gone mobile, and giving clients access to their financial information via an app is no longer an option for businesses today—it's a necessity.

That's why we're excited for you to get a feel for the Account View 2.0 mobile app and portal. It provides you with on-the-go access from the mobile app, and a modern, easy-to-use dashboard. Plus, you have the ability to go paperless with over 99% of your communications.

Technology needs to constantly evolve, and Account View is no different. We're continually building and enhancing Account View 2.0 to ensure it fits your needs and surpasses your expectations. You will continue to see new features and capabilities within Account View 2.0 mobile app and desktop portal.

YOUR TOP QUESTIONS, ANSWERED

We've received some common questions from the financial professionals who are already using the product with their investors. Below are the top questions and corresponding answers:

If I have a legacy Account View 1.0 login, how do I create an Account View 2.0 account?

Please contact your financial professional.

How do I get started with Account View 2.0?

If your advisor is creating your Account View 2.0 account, then you will receive an email invite to register for Account View 2.0. Once you click on the link to start the activation process, you will be asked to enter the last four digits of your SSN and your email address that we have on file. The first time that you login we will send you a one-time passcode to your mobile phone number to verify your identity.

How do I get access to the mobile app?

After you've received the activation email and set your password you can download the LPL Account View mobile app and login with your email address and password. You'll get a text message with a code to register the app the first time you log in.

How do I reset my Account View 2.0 password?

Use the "Forgot Password" link from the mobile app or desktop platform via this URL at myaccountviewonline.com.

Does the Account View 2.0 mobile app work with biometric options like Face ID?

Yes. Face ID or Touch ID can be enabled during initial setup of the app.

How do I activate my Account View 2.0 access if I am currently an Account View 1.0 user?

Your financial professional will need to migrate your account and then you will receive an activation email. Select that link and follow the steps by entering the last four digits of your SSN or Tax ID and your email address. Remember your login username is the email address where you received your activation email. The first time you login to Account View 2.0—and any time you log in on a new device—you'll get a code sent to your phone. You'll need to enter this code to access Account View 2.0.

What should I do if I can't sign in to my account?

Reach out to your financial professional or follow the steps for a forgotten password.

Can I see all the accounts for my household in Account View?

Yes. While each Account View profile provides access to the account for a single person by default, your financial professional can provide access to additional accounts held by members of your household.

What types of investments will appear in Account View?

Accounts managed by your financial professional will appear in Account View 2.0, whether they are held directly at LPL or networked to an LPL account.

Which browsers are supported for accessing Account View?

Chrome is the preferred browser, but Account View is available on all major browsers (i.e., Chrome, Firefox, and Safari).

Can I access Account View from my mobile device?

Yes, you can access from a mobile device via a browser or the app, which you can find by searching for “LPL Account View” on the App Store for iOS and Google Play for Android devices.

How current is the account information?

During market hours, prices and values update every 20 minutes. Intraday transaction information may take up to an hour to appear in Account View 2.0.
